## Cyberspace Joint Operation Planner III

Join Exigent Services as Cyberspace Joint Operation Planner II and be part of a dynamic team that supports the U.S. Cyber Command (USCYBERCOM) Directorates in Fort Meade, MD with subject matter expertise in the areas of joint cyberspace operations planning, policy, strategy, and doctrine development, wargames and exercises, operations research, international and integration support, and cyber intelligence operations.

**Job Number:**  
JO2024-10026

**The Cyberspace Joint Operation Planner will:**

- Monitor and review strategies, doctrine, policies, directives, and instructions from higher echelon headquarters and make recommendations to ensure compliance and/or consideration in planning efforts.
- Develop plans and orders through the application of operational art and operational design, and by using the Joint Planning Process (JPP), within the milestones, deliverables, and interaction points for plans developed using Adaptive Planning and Execution (APEX) activities.
- Provide input to briefings, transitioning concepts to execution, and assisting in the coordination of joint operational planning in support of training, exercises, combat, and contingency plans and operations.
- Develop and integrate cyberspace capabilities into deliberate, contingency, operations, and crisis action planning.
- Provide input for the development of TTPs, CONOPs, COAs, and other related documents related to OCO, DCO, and the securing, operating, and defending of the DODIN.
- Provide input to address shortfalls, prioritize and validate requirements, and be prepared to modify development planning efforts based on the changing cyberspace environment.
- Contribute to the development of exercise scenarios, exercise operational plans, and other required documentation to support planning and execution to accomplish USCYBERCOM exercise training priorities.
- Conduct research of current and emerging threats to U.S. Critical Infrastructure and Key Resources (CIKR).
- Participate in Joint Planning Groups (JPGs), and Operational Planning Groups/Teams (OPG/OPTs).
- 

**The Cyberspace Joint Operations Planner will have:**

- Active TS/SCI clearance with a polygraph, upon application
- BA or BS degree
