## J54 Cyber Intelligence Analyst II

**Job number:**  
JO2024-10014

Join Exigent Services as Cyber Intelligence Analyst II and be part of a dynamic team that supports the U.S. Cyber Command (USCYBERCOM) Directorates in Fort Meade, MD with subject matter expertise in the areas of joint cyberspace operations planning, policy, strategy, and doctrine development, wargames and exercises, operations research, international and integration support, and cyber intelligence operations.

**Hiring organization**  
Exigent

**Job Location**  
USA

**Date posted**  
February 14, 2024

### The Cyber Intelligence Analyst will:

- Play a crucial role in assessing foreign cyber capabilities, contributing to the development of intelligence products, and supporting the formulation of national and military cyber strategy, doctrine, and policy.
- Work collaboratively with various stakeholders, including senior leaders and foreign partners, to provide critical insights and coordinate actions.
- Perform a vast array of Cyberspace intelligence analyst duties without guidance.
- Apply in-depth knowledge of intelligence analytic concepts to monitor, assess, and report on cyberspace operations, capabilities, and vulnerabilities.
- Contribute substantive content to the development of complex analytic approaches and recommendations to problems and situations for which data are incomplete, controversial, or which no precedence exists.
- Conduct in-depth analysis of foreign cyber forces and capabilities, collaborate with combatant commands and national-level intelligence agencies to contribute to reports and briefings, and assess and analyze data to develop intelligence products that inform the command's strategy.
- Integrate intelligence into exercises, communicate complex information effectively in writing, create concise and impactful intelligence reports and briefings, and assist with foreign partner engagements to strengthen security cooperation efforts.

### The Cyberspace Intelligence Analyst will have:

- HS diploma or GED.
- Active TS/SCI clearance with a polygraph, upon application.
- 6+ years of experience as an intelligence analyst, including a focus on Cyber or SIGINT.
- Experience contributing to reports and briefings.

### Additional Qualifications:

- Experience at a Combatant Command, National-level Intelligence Agency, or Service Component.
  - Experience with IC-standard intelligence and production tools, databases, techniques, and platforms.
  - Experience working with foreign partners to foster security cooperation.
  - Experience integrating intelligence into exercises.
  - Knowledge of Joint, Bilateral, and Multilateral exercises.
- 
- Ability to adapt and work effectively with diverse teams and all levels of management, including foreign partners.
  - Ability to confidently interface with leadership.
  - Possession of excellent research skills.
  - Possession of excellent verbal and written communication skills.
  - Bachelor's Degree in related field.

### **Compensation**

Exigent Services offers a comprehensive compensation package including: 401K, health, vision, dental, and life/disability insurance.

### **Company Overview:**

Exigent Services is a full-scope management consulting company that is ready "ON DEMAND" to offer a range of experts, technologies, cutting-edge teams of consultants, and strategic solutions and systems.
